ABOUT US

About Janvi Infrastructure

Janvi Infrastructure, led by Abhishek Singh, specializes in delivering high-quality Pre-Engineered Buildings (PEB), warehouses, and industrial infrastructure solutions. We focus on durability, precision, and timely project delivery, ensuring that every structure we build stands as a testament to our commitment to excellence.

Delivering Excellence in Industrial Infrastructure

1

Projects Completed

2

100% Quality Assurance

3

On-Time Project Delivery

4

Innovation & Reliability

OUR CORE SERVICES

Our Services

Comprehensive industrial solutions tailored to your needs

Pre-Engineered Buildings

Customized PEB solutions that combine speed of execution, long-term durability, and cost efficiency.

Warehouse Solutions

High-capacity godowns engineered for smooth storage, handling, and logistics performance.

Fire Staircases

Safe, compliant, and durable evacuation staircases built to support critical building safety.

Cold Storage

Thermally insulated structures designed to preserve product quality with reliable temperature control.

Multi-Storey Buildings

Robust steel-frame structures built for efficient high-rise industrial and commercial use.

Sign Boards

Strong, high-visibility structural signboards crafted for lasting commercial impact.

Each service is designed to deliver performance, reliability, and a premium finish that reflects your brand and operational goals.

SPECIALIZED SOLUTIONS

SPECIALIZED EXPERTISE

Foot Over Bridge

Robust and secure pedestrian bridges engineered for safe, efficient movement across high-traffic industrial zones and complex site environments.

Materials & Components Expertise

Advanced components and specialized structures organized for clarity and quick review.

PROJECT SHOWCASE

Our Project Portfolio

Witness our expertise through a diverse portfolio of completed projects. From large-scale warehouses to specialized cold storage facilities, each project reflects our commitment to excellence, precision, and timely delivery.

WAREHOUSE COLD STORAGE PEB INDUSTRIAL INFRASTRUCTURE

Featured Work

Selected projects that highlight our capability across industrial and specialized facilities.

Built to Perform

Each project is delivered with a focus on quality, functionality, and long-term reliability.

On-Time Delivery

Our team executes with precision to meet demanding schedules without compromising standards.

✦+ WHY PARTNER WITH US

Why Choose Janvi Infrastructure

We stand out through our unwavering commitment to excellence and customer success.

Expertise & Experience

Years of proven experience in designing and constructing high-quality industrial structures.

Trusted delivery across complex industrial projects.

Quality Assurance

Rigorous quality control at every stage of construction ensuring durability and safety.

100% Quality Assurance – zero defects in final delivery.

Timely Delivery

Commitment to meeting deadlines without compromising on quality standards.

On-Time Delivery – 98% on-schedule completion rate.

Cost-Effective Solutions

Optimized designs and efficient processes that deliver value for your investment.

Smarter builds, stronger ROI.
